

Farm Crew Member

The roots of Heritage Prairie Farm were planted in 2006 and the doors to the farm store first opened in April 2007. Since then, we've been keeping bees, raising vegetables, going to farmers markets, dishing out farm dinners, and hosting amazing events on the farm. Because of the talents, determination and hard work of the Heritage Prairie staff, we've created a successful business model in sustainable, small-scale farming and premier event venue.

Farm Crew Member

Overall Responsibility:

To participate in all areas of Organic vegetable production.

Key Areas of Responsibility:

- Plant Starting, Weeding, Planting, Harvesting, Washing, Packing of Organically Grown Vegetables
