

The roots of Heritage Prairie Farm were planted in 2006 and the doors to the farm store first opened in April 2007. Since then, we've been keeping bees, raising vegetables, going to farmers markets, dishing out farm dinners, and hosting amazing events on the farm. Because of the talents, determination and hard work of the Heritage Prairie staff, we've created a successful business model in sustainable, small-scale farming and premier event venue.

The farmers market team member will assist with running markets at designated locations, (Saturday - Wheaton and Sunday - Geneva).

These duties include, but are not limited to:

- Market set up, and take-down
- Greeting and speaking with customers about vegetables and honey
- Cash handling
- Customer service
- Opening and closing inventory

Pay is \$15 per hour and the hours are approximately 6am -2pm, most Saturdays and some Sundays.

If you are looking for a fun, fast-paced part-time job look no further!
